

## **NEW! Solar Powered Industrial Thermometer With Digital Display**

The bulb and socket are completely interchangeable with standard industrial thermometers. Fits right back into your existing well. The easy to read LCD display has a range of -40 to 300°F and -50 to 150°C (*user selectable*). Reads to 0.1 of a degree. Large solar panel needs only 10 lux (*1 foot/candle*) to operate. Adjustable stem makes it easy to read at any angle.
