Honeywell Commercial Round Zone Dampers

Round dampers are quickly becoming the economical air control of choice in many commercial establishments. The **Honeywell** DM7600 Round Dampers are available in various signals and timing choices. These dampers are relatively low leakage (*less than 1%!*) and are easily sized and installed. Pneumatic models are also available on request.

ORDERING INFORMATION						
ORDER #	DIAMETER	LENGTH	SIGNAL	MOTOR	TIMING	
DM7600A1005	6"	12"	2-10Vdc or 4-20mA	ML7161A1000	90 sec.	
DM7600A1013	8"					
DM7600A1021	10"					
DM7600A1039	12"					
DM7600A1047	14"					
DM7600A1054	16"	17"				
DM7600B1004	6"	12"	SPDT Floating	ML6161A1001		
DM7600B1012	8"					
DM7600B1020	10"					
DM7600B1038	12"
