

Honeywell Commercial Thermostats VisionPro Touch Screen and CommercialPro Soft Key Models

The TB8220 Commercial VisionPro 8000 Touchscreen and CommercialPro7000 Programmable Thermostats are both effortless, seven-day programmable thermostats that provide universal system compatibility, precise comfort control and are easy to program.

*VisionPro
Touch Screen*

*Commercial Pro
Soft Key*

This new generation of **Honeywell Commercial Thermostats** provides easy to program models with many new features:

- Real-time clock (Automatically updates to daylight savings)
- Permanent Memory retention
- Selectable Auto or Manual changeover
- Temperature Setpoint Limits
- Keypad Lockout
- Economizer/TOD Outputs
- Configurable Override
- Commercial Algorithm
- Configurable Recovery ramp
- Outdoor or Indoor sensor
- Remote Sensor compatibility
- Battery or Hardwire power
- Armchair Programming
