## Attention: Delaware Valley Contractors LCBS Connect Training Event

**NECC** is excited to offer you this unique training opportunity in conjunction with the DeVal Chapter of RSES.

Honeywell's LCBS Connect provides an easy-to-install & set up cloud-based control solution for small commercial buildings. Please join us as we present the features/functions of this unique control solution from installation and set-up to live launch and remote access. There is no cost to attend. A buffet dinner will be provided at 6:00 PM for those who pre-register for the event.

### Who should attend?
